HEALTH REQUIREMENTS COVERING CATTLE
EXHIBITED AT ALL FAIRS

1. BRUCELLOSIS:

Any cattle, other than those from a herd under quarantine, are eligible to enter a show without restriction if from a Brucellosis Free Region. Therefore, if cattle meet the above requirements there is no need to demand a Certificate of Health (AGR 1496). Cattle originating in a non-contagious Brucellosis Free Region, other than Ontario, are to be accompanied by a Permit Form (AGR 1642).

NOTE: These regulations apply to 4-H calves.

To avoid delays and disappointment, you should make arrangements for testing as soon as possible and well in advance of the show date.

2. TAMPERING WITH CATTLE - Unnatural practices in fitting will not be tolerated, and all cattle entered for competition shall be presented in the judging ring in their own natural conformation and natural physical condition.

3. BREEDING CAPABILITY - In cases where doubt exists in the mind of the judge or official as to the breeding capability of an animal, the exhibitor may be required to furnish evidence to the satisfaction of the official concerned.

IMPORTANT NOTE: For the protection of owners, health regulations will be rigidly enforced.

Gate Admission Regulations

One of the biggest problems for a Fair is "Gate Control". We ask all exhibitors to co-operate by regarding their gate admission as part of their entry fee. Truck, driver & passenger with livestock will be admitted free. **All** others must have "Passes" or pay.
